QUALITY Heritage Aristocrat Personal Chefs are hand-selected and trained under the close guidance of our executive chef team. Dishes, sauces + pairings are curated by Heritage Aristocrat's Co-founder & Chef, Louisa Young, and then executed by your highly trained personal chefs onsite in your home kitchen. Personal Chefs utilize our commercial kitchen facilities (in Brooklyn + Bridgehampton) to wash + prepare farm produce, create sauces, butcher meats + more, arriving to your home with 75% of the preparation completed allowing for a much more refined execution in your home kitchen.

AUTHENTIC All our menus are designed around the seasonal and local produce. Ingredients are sourced through our local farm partners including Amber Waves Farm, Balsam Farm, Browder's Birds, Organic Green Thumb + CorJ's Seafood. Heritage Aristocrat sources the highest quality from humane farms, sources grass-fed + finished meats, organic poultry and local seafood. (say goodbye to huge retail grocery receipts and Citerella bags of groceries being unpacked in your kitchen!)
